Skúsil som na dva mesiace X Premium. Taký test toho, či to zvýši môjmu
Týždenníku blog.vyvojari.dev/tag/tyzdennik/ dosah. Dva mesiace už
neplatím a nevidím podľa X analytiky žiaden rozdiel. Ani reklamu to úplne
nevyplo. Jedinou výhodou je TweetDeck, bez reklám, akurát nie mobile
friendly.

The image features a classic target graphic with concentric circles. The center is a solid dark blue circle. Surrounding it are several rings of varying shades of red, creating a gradient effect from a deep red on the outside to a lighter, almost pinkish-red near the center. Overlaid on this target is the text "That's all Folks!" in a white, elegant cursive script. The text is positioned diagonally, starting from the left side and ending near the top right, passing through the center of the target.
